### Texas Law

Several Texas Laws (Health & Safety Code, Chapters 81, 84, and 87) require specific information regarding notifiable conditions to be provided to local and state health departments (CEPDPH & TDSHS). Health care providers, hospitals, laboratories, schools, and others are required to report patients who are suspected of having a notifiable condition (Chapter 97, Title 25, Texas Administrative Code). **Failure to report is a Class B misdemeanor that carries a sentence of up to 180 days and a fine of up to \$2000 under the Texas Health and Safety Code, §81.049.**

### HIPAA

The HIPAA Privacy Rule [45 C.F.R. Section 164.512(b)] allows reporting without authorization for public health purposes and where required by law.

### Special Instructions

- AIDS should only be reported once following the initial physician diagnosis. The report date, type, and results of tests including a CD4 + T lymphocyte cell count below 200 cells per microliter or percentage <14% must be included with the report. Questions on reporting procedures may be directed to (915) 771-1200.
- Reportable Arbovirus infections – include neuroinvasive and non-neuroinvasive Cache Valley, California serogroup, Eastern Equine (EEE), Dengue, Powassan, St. Louis Encephalitis, (SLE), Venezuelan equine (VEE), West Nile, and Western Equine (WEE).
- Chancroid, chlamydia, gonorrhea, HIV, and syphilis reports must also include the report date, type, and results of tests including a CD4 + T lymphocyte cell count below 200 cells per microliter or percentage <14% for HIV infection. Questions/reports may be directed to (915) 771-1200.
- Invasive streptococcal disease, invasive meningococcal infection, or *Haemophilus influenzae* type b infections refers to isolates from normally sterile sites and includes meningitis, septicemia, cellulitis, epiglottitis, osteomyelitis, pericarditis, septic arthritis, and necrotizing fasciitis.
- Tuberculosis may be reported on Form TB-400, "Report of Case and Patient Services". Telephone reports may be directed to (915) 771-1230. Fax radiology and lab results to (915) 771-1235.
- Lab isolates must be sent to DSHS lab. Call 512-458-7598 for specimen submission information.
